Re: Sheridan-Albion Township landfill
Albion, Michigan

Dear Dr. Evison:

I have received copies of letters to you from Cooper Industries and from Corning Glass Works concerning their inability to make any good-faith offer to remediate finance the Sheridan-Albion Township landfill site.

After our meeting in Chicago June 28, I spoke with Barbara Wester on July 10 and again July 12 about our willingness on behalf of Albion College, another PRP, to negotiate with EPA concerning its potential liability on a de micromis basis. Then she went on maternity leave. Thereafter I tried calling Steve Mason to follow up on that, but never succeeded in connecting with him. I wrote him August 3 to let him know how I had left things with Ms. Wester.

This is to ensure you are aware of Albion College's offer to negotiate with the agency concerning its liability.

Very truly yours,

David G. Moore
